July 30, 2012

Dr. Greg Ribakove
Director, Division of Cardiothoracic Surgery
Maimonides Medical Center
4802 Tenth Avenue
Brooklyn, NY 11219

Dear Dr. Ribakove,

I want to thank all those involved and especially Maimonides Medical Center for providing my office with HeartScan Services. It was a pleasure to work with them. Their staff's professionalism and concern for the patients put my constituents at ease. I was most impressed with the manner in which they handled the schedule, being able to screen nearly 50 people during the four days they tested in my office.

HeartScan Services' and Maimonides Medical Center concern for the well-being of New Yorkers is to be commended. This comprehensive screening is impressive and was greatly appreciated by my constituents.

Again, thank you for providing my constituents with this important opportunity to stay healthy. I look forward to working with Maimonides Medical Center and HeartScan Services on other public health initiatives in the future.

Sincerely,

Steven H. Cymbrowitz
Member of Assembly
