Marilyn Martinucci
CEO/President
Heart Scan Services
155 Executive Drive
New Hyde Park, NY 11040-1052

Dear Marilyn,

It is a pleasure for me to write this endorsement of **Heartscan Services**. I, along with all of my staff members, would like to thank you for your interest in the welfare of the Police Officers and Firefighters. Also, we appreciate your company coming to our offices and scanning our staff. In 2011, the tenth anniversary of 9/11, we still hear of illnesses and heart breaking stories of first responders who are feeling the effects of working at ground zero. The support and gratitude during those days were tremendous but it is people like you and your company who continue to remember and want to help – you didn't forget us.

Your program has brought awareness to all of us, such as weight loss, nutrition, dietary habits and of course exercise. Your knowledge of the medical scanning, the results that are read by professional Doctors and the follow up from the tests prove that your company will be a success and I hope that all the Fire and Police Unions and Departments support your endeavor. It is difficult to get first responders to realize that they should go for a check up like this but you have proved to us that there may not be any outward signs and you will be able to detect any problems. We owe this to our families.

Not very often do we get civilians who think like us. I can sense the honesty and the concern that you exemplify as you speak from the heart. All of us at the 2011 World Police & Fire Games are firefighters and police officers and we wholeheartedly wish you the best of luck. We hope they all know that they are in good hands with you and support your cause.

Thank you for all you do,

A handwritten signature in black ink that reads "Jim Carney". Below the signature, the name "Jim Carney" is printed in a small, black, sans-serif font.
