On Behalf of the Bethpage Fire District and the Bethpage Fire Department we would like to thank you for your continued interest in the welfare of our members. The national statistics prove, without a doubt, that volunteer and career firefighters suffer an above average risk of cardiovascular disease. Heartscan Services provided us an opportunity to meet the local and national wellness initiatives.

Your Heartscan cardiovascular screening addresses two of the top three-wellness issues for firefighters: Heart disease being #1 and Strokes #2.

With heart health recognition and your nutrition program, you have addressed our other wellness issues such as weight loss, eating habits and the importance of exercise. These changes will permeate our lives as well as our families. We all win.

Your benefit specialist gave us insight to other healthcare related aspects that affect our fire district.

Your cardiovascular screening, nutritional program and benefit planning has been a great asset to our Fire District and their families.

Thank you and your staff at Heartscan Services.
